

# The cost of Community Care

Average cost of residential or domiciliary care:

**£600 per week - £2,580 per month - £31,000 p.a.**

Average time care needed = 4.5 years  
(4 for a man; 5 for a woman)

Total potential cost of care 4.5 years x £31,000 =

**£139,500**

**NB: Ten years in care could cost over £300,000!!**

**By using a combination of Trusts and Powers of Attorney, it is possible to gain control over, and protect your assets, to significantly reduce the effects of community care**
